

### Engineering Services

With our staff of professional engineers, we offer the engineering services you need to periodically evaluate or expand your system. Our engineering services include:

- ✓ Load Studies
- ✓ Trouble-Shooting
- ✓ Protective Device Coordination
- ✓ Short-Circuit Analysis
- ✓ Arc Flash Analysis
- ✓ Power Quality Surveys
- ✓ Power Factor Correction Studies
- ✓ Critical Load Studies
- ✓ Harmonic Analysis
- ✓ Documentation of In-Service Equipment and Systems
- ✓ Code and Safety Reviews
- ✓ Reliability and Failure Analysis
- ✓ Energy Management Studies
- ✓ System Specifications, Design, and Design Review
- ✓ Feasibility Studies / Cost Estimating
